Dear Russ,

Thank you for inspecting your notice (UTU-073395) with the SGFO geologist, Rick Rymerson, today. The vegetation re-growth in the disturbed areas attributed to your work is sufficient to release you from your reclamation responsibility related to this notice. Therefore, this notice is now **closed**. No additional work is authorized at this location without the submission of a new notice that meets the requirements of 43 CFR 3809.

I will forward this letter to the State of Utah, Division of Oil, Gas, and Mining (DOGM #S/053/046) for their review and file.

If you have any questions, please contact Rick at 435-688-3205.

Sincerely,

James D. Crisp
Manager, SGFO
